Commenter Type: Organisation/body

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: On behalf of the Friends of Loch Lomond and The Trossachs, the independent conservation and heritage charity covering the National Park, I am writing to confirm our support for this application which involves an imaginative community led initiative to sensitively convert the former primary school into a series of uses which will be of benefit to villagers and visitors to the area.

The combination of a cafe, village shop and visitor centre, along with some flexible space for public use, will make an important contribution to strengthening the vibrancy of the village and the wider community and visitor management objectives articulated in the Community Action Plan. It is also in accordance with a range of the policies in the National Park Partnership Plan and the Local Development Plan.

We commend this proposal and wish the local Development Trust every success with their fundraising efforts to deliver this project which will be a great community asset.
